WHEREAS the decision to eliminate licence plate renewal fees was made with the intention of easing the financial burden on hardworking Ontario Residents;
AND WHEREAS while the elimination of renewal fees has provided relief to residents, it has simultaneously deprived our Ontario infrastructure of vital funding, exacerbating the pressing issues we face;
AND WHEREAS the burden placed on our four hundred and forty-four Ontario municipalities is escalating, pushing them further into debt as they struggle to address critical infrastructure needs without the necessary financial support;
AND WHEREAS the elimination of these fees has resulted in the removal of over six billion dollars over six years, funds urgently needed for our failing Ontario infrastructure;
AND WHEREAS the burden on all four hundred and forty-four Ontario municipalities is pushing them further into debt;
AND WHEREAS reinstating licence plate renewal stickers (fees) and distributing the collected monies to all Ontario municipalities would significantly benefit the urgently required infrastructure upgrades and replacements;
AND WHEREAS redistributed licence plate renewal sticker fees divided equally among all four hundred and forty-four Municipalities would total \$2,252,252.25 every year for each Municipality;
NOW THEREFORE BE IT RESOLVED THAT we request that the Licence Plate Renewal system be reinstated to allocate these six billion lost infrastructure dollars where they rightfully belong;
AND FURTHER, we propose that all monies collected through the reinstated Licence Plate Renewal system be used in the best interests of all Ontarian's for infrastructure improvements, ensuring long-term prosperity and safety of our communities;
AND FURTHER, we trust that the Provincial Government will carefully consider this proposal and take the necessary steps to address the critical infrastructure needs that our Municipality currently faces.

RE: Town of Lincoln Council Resolution – Provincial commitment to provide municipalities necessary infrastructure funding to support housing as a result of the impacts of Bill 23 and other legislation

Please be advised that the Council of the Corporation of the Town of Lincoln at its Council Meeting held on December 13, 2023, passed the following motion regarding Provincial commitment to provide municipalities necessary infrastructure funding to support housing as a result of the impacts of Bill 23 and other legislation:

Resolution No.: RC-2023-159

Moved by Councillor Greg Reimer; Seconded by Councillor Adam Russell

WHEREAS Town of Lincoln Council is committed to doing their part to reduce barriers and find solutions to meet the development demand imposed by the Province under Bill 23, More Homes Built Faster Act, 2022; and

WHEREAS Bill 23, More Homes Built Faster Act, 2022, aims to build 1.5 million new homes by 2031 and to accomplish this goal, the Bill seeks to eliminate or reduce a range of processes, fees, and regulations that have the potential to slow or inhibit development; and

WHEREAS municipalities play a vital role in fostering community development, providing essential services, and maintaining local infrastructure; and

WHEREAS in 2019, the National Housing Strategy recognized housing as a human right and under Bill 23, implemented two strategies focused on affordability and attainability respectively; and

WHEREAS the Town of Lincoln recognizes the importance of financial tools to raise funds and support programs and services; and

WHEREAS on October 23, 2023, the Minister of Municipal Affairs and Housing, released a statement introducing legislation that would reverse the official plan decisions and wind back provincial changes to official plans and official plan amendments, except in circumstances where construction has begun or where doing so would contravene existing provincial legislation and regulation, including changes to urban boundaries; and

WHEREAS the Minister of Municipal Affairs and Housing will be asking impacted municipalities to submit changes and updates to those plans to ministry staff within 45 days of today, including information on projects that are already underway and in recognition of the costs incurred by municipalities arising out of this decision, the province will work with impacted municipalities to assist with related planning and staffing costs; and

WHEREAS the Province released their 2023 Fall Economic Statement to the Ontario's Big City Mayors (OBCM), whereby it was noted that that the statement did not provide an update on the government's efforts to address the financial impacts of Bill 23; and

WHEREAS Bill 23 includes changes to the Development Charges Act which is estimated to have an impact on municipalities, in terms of foregone collection of development charge fees, totalling \$1 billion annually across the province, even though the Province has committed to ensuring that municipalities are kept whole for any impact on their ability to fund housing enabled infrastructure because of the Bill; and

WHEREAS smaller municipalities will need to work with the Province to potentially create and approve new revenue tools to fund the various municipal operations and capital investments needed to meet the targets as set out in Bill 23; and

WHEREAS without revenue tools and provincial programs and supports, the ability to build the infrastructure required to support the creation of new homes, roads, sewer, water systems, supports and delivery of services such as fire and police, are exacerbated; and

WHEREAS under the current climate of inflation and rising construction cost, municipalities will have to undertake less infrastructure, especially without significant provincial program intakes and funding streams; and

WHEREAS municipalities already have limited cost recovery avenues within asset management plans and existing legislation, resulting in a growing provincial and Canada wide infrastructure funding gap.

THEREFORE, BE IT RESOLVED THAT the Town of Lincoln Council:

1. Request support for all municipalities that are challenged to fulfill their growth targets by the financial burden imposed by the Province of Ontario with Bill 23; and
2. Urge the Minister of Municipal Affairs and Housing to work with all municipalities and establish long-term sustainable critical funding programs to fill the infrastructure gaps, including opening up more intakes for infrastructure funding; and
3. Emphasize the importance of the provincial governments commitment to looking forward as municipalities deal with the outcomes of Bill 23, and that should municipalities require funding to be made whole, that the government address these funding shortfalls; and
4. Forward a copy of this motion to each of the 12 Local Area Municipalities in Niagara; and
5. That a copy of this motion be circulated to Premier of Ontario, Minister of Municipal Affairs and Housing, Provincial opposition parties, Niagara's four MPs; Niagara's four MPPs; the Association of Municipalities of Ontario (AMO); the Federation of Canadian Municipalities (FCM); Mayors and Regional Chairs of Ontario (MARCO); and Ontario's Big City Mayors (OBCM) and local area municipalities.

Dear Prime Minister:

Re: Carbon Tax

At its meeting held on January 15, 2024, Sarnia City Council adopted the following resolution:

Whereas the federal government recently increased the carbon tax in April 2023 and will almost triple it by 2030; and

Whereas the Parliamentary Budget officer has admitted that when fiscal and economic impacts of the federal fuel charge are considered that the vast majority of households will see a staggering loss; and

Whereas this tax flows through from producers to transporters to the grocery store floor for our citizens; and

Whereas this tax does very little to reduce pollution and emissions; and

Whereas two thirds of Canadians are approximately \$200 away or less from not being able to pay all their bills at the end of the month; and

Therefore, be it resolved that Sarnia City Council write a Letter to the Federal government (and copied to other Municipalities for their consideration) strongly urging them to cancel the carbon tax which is financially hurting our citizens at a time

when affordability concerns are at an all-time high to ease the financial and inflationary pressure on our Citizens.

Your consideration of this request is respectfully requested.

Yours Sincerely,

| Resolution # RC23265 | Meeting Order: 10 |
| Moved by: <i>Cathy Fannon</i> | Seconded by: <i>J. Mal</i> |

WHEREAS Canada has 90,000 volunteer firefighters who provide fire and all hazard emergency services to their communities; in addition, approximately 8,000 essential search and rescue volunteers respond to thousands of incidents every year; and

WHEREAS many of these individuals receive some form of pay on call, an honorarium, or are given some funding to cover expenses, but they do not draw a living wage from firefighting; and;

WHEREAS without volunteer firefighters and search and rescue volunteers, thousands of communities in Canada would have no fire and emergency response coverage; and;

WHEREAS in 2013, the federal government initiated a tax credit recognizing these individuals, and calling on the federal government to increase this tax credit from \$3,000 to \$10,000; and;

WHEREAS volunteer firefighters account for 71% of Canada's total firefighting essential first responders;

- The tax code of Canada currently allows volunteer firefighters and search and rescue volunteers to claim a \$3,000 tax credit if 200 hours of volunteer services were completed in a calendar year;
- This works out to a mere \$450 per year, which we allow these essential volunteers to keep of their own income from their regular jobs, \$2.25 an hour;
- If they volunteer more than 200 hours, which many do, this tax credit becomes even less;
- These essential volunteers not only put their lives on the line and give their time, training and efforts to Canadians, but they also allow cities and municipalities to keep property taxes lower than if paid services were required;
