Dear Minister Piccini:

Re: Regulations for the Importation and Safe Use of Lithium-ion Batteries

I am writing today to bring to your attention a matter of significant importance to the Township of Otonabee-South Monaghan, regarding the importation and safe use of lithium-ion batteries.

At the June 17, 2024 Council Meeting the Fire Chief of the Township of Otonabee-South Monaghan made a presentation to Council on the dangers presented by lithium-ion batteries. The Fire Chief was reporting back from attending the Charged For Life Symposium presented by the Office of the Fire Marshal.

During the presentation, the Fire Chief stressed that the increased importation and use of non-Original Equipment Manufacturer (OEM) aftermarket batteries is presenting a significant increase in fire and explosion, putting citizens and responding personnel in danger. These after market batteries are not Underwriter Laboratories of Canada (ULC) certified but can be imported into Canada without any associated regulations.

Unlicensed persons and locations can store and modify lithium-ion batteries in our communities without regulations, providing dangerous conditions within a community. Charging these batteries within the home or multi-unit dwellings can result in larger fires with grave results.

Visit our website at www.osmtownship.ca or follow us on Twitter @OSMTownship

As Canada becomes more aware of Green Energy solutions, these batteries are used more often, increasing the danger to our communities. We support the Ontario Fire Marshal's program to educate citizens on the danger associated with lithium-ion batteries and encourage every municipality to actively promote safe practices for the use of lithium-ion batteries.

We also call upon all levels of government to enact regulations for the importation, sale, storage, and use of non-OEM or ULC certified lithium-ion batteries.

Thank you in advance for your attention to this very critical issue, and I look forward to your prompt consideration and support.

Please do not hesitate to contact me or our Fire Chief if you require any additional information.

Yours truly,
Township of Otonabee-South Monaghan

Re: Resolution on Water Testing Services for Private Drinking Water

At its regular meeting of Council held on May 15, 2024, the Township of Amaranth Council passed the following resolution concerning Water Testing Services for Private Drinking Water.

Resolution #: 5

Moved by: G. Little

Seconded by: A. Stirk

BE IT RESOLVED THAT:

Whereas the Ontario Auditor General's annual report on public health from December 2023 indicates that Public Health Ontario is proposing the phasing-out of free provincial water testing services for private drinking water; and

Whereas free private drinking water testing services has played a pivotal role in safeguarding public health, particularly in rural communities, including the entire Township of Amaranth, that rely predominantly on private drinking water; and

Whereas the removal of free private drinking water testing could lead to a reduction in testing, potentially increasing the risk of waterborne diseases in these vulnerable populations; and

Whereas the tragic events in Walkerton, Ontario underscored the critical importance of safe drinking water.

Now Therefore Be It Resolved that The Township of Amaranth hereby requests that the Province reconsider and ultimately decide against the proposed phasing-out of free private drinking water testing services.

Further Be It Resolved that this resolution be sent to all Ontario municipalities, Minister of Environment Conservation and Parks, Minister of Health, Wellington Dufferin Guelph Public Health Unit, and MPP Sylvia Jones.

Dear Mr. Calandra:

RE: Request for Royal Assent of Administrative Monetary Penalty System in the Ontario Building Code Act.

The Administrative Monetary Penalty System (AMPS) is an enforcement tool approved by the Provincial Government in August of 2009 and was originally used for parking offences to free up court time and cost.

A large number of municipalities have adopted an AMPS program and have applied AMPS to other Municipal enforcement by-laws as a replacement to the standard Part 1 Provincial Offences Act (POA) ticket system, as it provides the alleged offender with a flexible appeal system and the municipality the ability to apply unpaid penalties on to the property taxes. AMPS frees up valuable Provincial Offences Court time saving the province and the municipalities valuable resources and funds.

AMPS was written into the Building Code Act in December of 2017 however it has not received Royal Assent. AMPS has proven to be a valuable tool for education and enforcement of other Municipal by-laws. On behalf of the Council of the Corporation of the Township of Lake of Bays, we ask that AMPS receive Royal Assent. In doing so this would free up time for Building Officials to conduct their primary job (building inspections) instead of having to attend court normally a full day to hear an appeal to Part 1 ticket, at the same time providing the offender a more streamlined appeal system.
