MEMORANDUM

Subject: Outcomes of Program Review: Niagara Assertive Street Outreach (NASO)

Date: December 23, 2024

To: Community Partners

Dear Community Partners,

We are writing to share the outcomes of the recent program review for Niagara Assertive Street Outreach (NASO). This review was conducted to ensure that services align with current community needs, best practices, and available resources. Below, we outline the key findings, changes, and next steps for the program.

Program Review Findings

1. Community Needs Assessment

- Increased demand for more intensive case management services for unsheltered individuals.
- Emerging challenges related to housing instability, mental health, and substance use.

2. Service Gaps Identified

- Need for enhanced collaboration between partners for seamless service delivery.
- Hours of service were not aligned with service user requests.

3. Front-line Feedback

- High value placed on current services but requests for improved coordination and communication.
- Interest in expanding training opportunities and focus on intensive case management.

4. Assertive Encampment Response (AEI) Pilot

- A focused approach, including temporarily pausing additional calls from the referral line, has significantly contributed to the program's success.
- This pilot demonstrates the impact of targeted, person-centered engagement in achieving meaningful housing outcomes.

Key Changes to Street Outreach Services

5. Changed Hours of Operation

- Adjusted shifts to reach individuals during critical times.

6. Enhanced Collaboration and Communication

- Improving continuity of case management 7 days a week.
- Reviewing communication platforms for real-time updates and referrals.
- Continuing to foster and expand partnerships to best serve client's needs.

7. Focus on Specialized Services

- Introducing a new team structure based on client's needs:
 - housing focused case managers
 - street outreach responders
 - dedicated dispatch responders

Next Steps

8. Implementation Timeline

- Services will begin on January 1, 2025. Please see the attached *Appendix* for service details.

9. Continuous Improvement

- We are committed to ongoing dialogue and refinement of services. Please share your observations and suggestions directly via email to NASO@gatewayofniagara.ca.

Acknowledgment

We deeply appreciate the dedication and partnership of all organizations involved in this critical work. Together, we can continue to support those in our community who need it most effectively and compassionately.

If you have any questions or require additional details, please do not hesitate to contact us at NASO@gatewayofniagara.ca.

We thank our funder the Niagara Region for their support and guidance during this process.

Thank you for your commitment to this shared mission

NASO Niagara Assertive Street Outreach

About Niagara Assertive Street Outreach (NASO).

Who is NASO?

Niagara Region Homelessness Services funds a collaborative, Region-wide street outreach program, known as **Niagara Assertive Street Outreach (NASO)**. NASO serves unsheltered individuals experiencing homelessness and supports them to achieve their goals towards housing.

Who is eligible for this service?

- **Unsheltered individuals** experiencing homelessness. This may include individuals who are sleeping outdoors, in abandoned buildings, accessing encampments/tenting, sleeping in their vehicles, etc.

How do I contact the NASO team?

- Call 2-1-1 for a referral – Please let the operator know of the situation and ask to speak with/be connected to the Niagara Assertive Street Outreach (NASO) team.
- 211 will transfer caller to a voicemail box that is immediately reviewed by our responder team.
- Messages can be left 24 hours a day/7 days a week
 - Please include the following pieces of information in your voicemail:
 1. Name of individual calling
 2. Date and time of when the call was placed
 3. Telephone Number for call back
 4. Description of situation/individual
 5. Exact address or location

NASO's Hours of Operation

	Days of the Week	Hours	Area of the Region
Dispatch Responder	Monday to Friday	9:00 AM – 4:30 PM	Entire Region
Responders (Street Outreach)	Monday to Friday	10:00 AM – 5:30 PM	Community-Based focus in St. Catharine's, Niagara Falls, and South Niagara.
Weekend Responders (Street Outreach)	Saturday & Sunday	10:00 AM – 5:30 PM	Entire Region
Housing Focused Case Managers	Monday to Friday	9:00 AM – 4:30 PM	Entire Region
After Hours	7 days a week	5:00 PM – 10:00 PM	After hours offer phone support only through 211.
No Service		10:00 PM – 9:00 AM	Please leave message and follow-up will occur the next day.

How is NASO aligned with best practice?

NASO is an evidence-based, housing-focused program which involves:

- Proactively engaging with people sleeping rough to facilitate pathways into housing
- Providing standardized intake, triage, and assessment to gauge a person's vulnerability and assist in the identification of appropriate housing resources
- Minimizing the harmful effects of rough sleeping while working towards long-term housing solutions
- Delivering case coordination in collaboration with government and non-profit organizations to support those who may be reluctant to access traditional services
- Providing an intensive and coordinated team approach to identify and work towards personal goals

RE: TAPMO Letter regarding Pre Budget Announcement

Please be advised that Township of Puslinch Council, at its meeting held on November 27, 2024 considered the aforementioned topic and subsequent to discussion, the following was resolved:

Resolution No. 2024-430:

Moved by Councillor Sepulis and
Seconded by Councillor Bailey

That the Consent Agenda items listed with the exception of items 6.10, 6.11, and 6.12 for NOVEMBER 27, 2024 Council meeting be received for information; and

Whereas the Township of Puslinch Council supports the information provided by TAPMO to member municipalities of TAPMO; and

Whereas the Township of Puslinch Council sees the value and significance of circulating this information provided by TAPMO to all Ontario municipalities;

Therefore, that Council directs staff to forward items 6.10, 6.11, and 6.12 to all Ontario municipalities; and

That Council direct staff to forward the following resolution to the Minister of Finance, the Minister of Municipal Affairs and Housing, local school board trustees, AMO, ROMA, Local MPP, all Ontario Municipalities and the Municipal Property Assessment Corporation:

Whereas the Ministry of Finance has introduced a one-time \$7 million reduction in education taxes in 2024, a subsidy that will be absorbed by the province through a 95% reduction in education taxes—marking the first such subsidy provided by the province to any industry;

Whereas the Ministry of Finance’s plans to introduce a new aggregate property sub-class in 2025, which is set to provide a \$6 million subsidy to the aggregate industry, with \$3 million of that subsidy being transferred back to the municipal (primarily residential) tax base, raises serious concerns about the fairness and equity of the system;

Whereas the claims that the new sub-class will provide tax stability and predictability seem hollow and do not address the systemic inequities in the taxation framework, which continues to shift an undue burden onto municipal taxpayers, particularly those in rural areas who host these aggregate operations;

Whereas there is significant concern that the government’s actions prioritize the interests of the aggregate industry over the financial realities faced by municipalities and their residents, and that this shift in burden undermines public trust in the fairness and integrity of Ontario’s legal and tax frameworks;

Whereas TAPMO has presented evidence demonstrating that the aggregate industry is financially capable of meeting its tax obligations, including substantial profits and royalty payments made by industry leaders, further undermining the need for these subsidies;

Whereas the municipal taxpayer should not bear the cost of correcting a past error in assessment methodology that unfairly benefited then aggregate industry, and the new

property tax class ratio risks further undermining the principle of revenue neutrality and eroding confidence in Ontario's legal and tax systems;

Therefore be it resolved that the Council of the Township of Puslinch strongly objects to the undue burden being placed on municipal taxpayers to subsidize the aggregate industry, and calls on the provincial government to:

Reevaluate and correct the misguided subsidies being provided to the aggregate sector, and ensure that future tax policies are fair, equitable, and consistent for all taxpayers.

1. Uphold the principles of revenue neutrality in the aggregate tax framework and ensure that any new tax classifications or methodologies do not result in a net loss of revenue for municipalities, especially those that are already facing significant financial challenges.

2. Commit to meaningful reform that ensures fairness and consistency across all sectors of the economy, and actively engages municipalities and taxpayers in a transparent and inclusive process, rather than catering to the demands of the aggregate industry.

3. Take immediate action to correct the existing inequities in the tax framework, ensuring that the burden of this correction is not unjustly shifted to municipal taxpayers, particularly those in rural communities who host these operations.

4. Respect and uphold the integrity of the legal process by honouring the decisions of the Divisional Court and ensuring that all assessment methodologies are transparent, accountable, and based on a fair and balanced approach.

5. Further be it resolved that the Council Township of Puslinch supports TAPMO's call for the provincial government to adopt reforms that prioritize the needs and fairness of municipal taxpayers and to ensure that the aggregate sector contributes its fair share to the province's tax base; and

Further be it resolved that this resolution be forwarded to the Minister of Finance, the Minister of Municipal Affairs and Housing, local school board trustees, AMO, ROMA,

Local MPP, all Ontario Municipalities and the Municipal Property Assessment Corporation.

As per the above resolution, please accept a copy of this correspondence for your information and consideration.

Dear Premier Ford and Minister Bethlenfalvy:

Re: Pre Budget Announcement

As you are aware there was a lengthy Assessment Review Board hearing as well as a divisional court ruling increasing the taxes paid by the aggregate sector due to an inappropriate tax relief mechanism implemented by MPAC.

TAPMO recognizes funding for rural, small and northern municipalities is proposed to see an increase in OMPF funding. This increase is very much appreciated. This increase will begin to address the farm tax rebate shortfalls that rural, small and northern municipalities have been experiencing under the former program. Increasing this funding ensures all Ontarians are supporting farmers and not just the residents that call home to small, rural and northern communities. The impact of Provincially significant programs needs to be absorbed by all Ontarians.

If it is the desire of the Government to provide special treatment to one sector and burdening this special treatment on small, rural and northern communities (where most aggregate operations exist), TAPMO is of the opinion that an aggregate subsidy is not appropriate and should be borne by all Ontarians.

The pre budget announcement provides \$200 to every Ontarian, adding approximately \$3 billion to the Ontario budget. If the Government is willing to add \$3 billion to the deficit. Carrying over the 95% reduction in education tax relief absorbed by all Ontarians for 2024, would have added \$7 million to the total deficit for 2025 or 0.11666667% additional deficit.

TAPMO request the following questioned to be answered:

Explain the justification of increasing taxes on small, rural and northern municipalities which are host to most aggregate operations, to provide a preferential tax relief to the aggregate sector, versus absorbing any relief through increased deficit for all Ontarians?

Dear Mayor Seeley and Mr. MacLeod:

Thank you for your letter about the new aggregate extraction property class.

As noted in my letter of October 3, the Province will be setting municipal tax ratios and education tax rates for the new aggregate extraction property class to provide tax mitigation for properties in the class. The plan is to provide an overall \$6M tax reduction to properties in the class relative to the original 2024 tax level, comprised of \$3M municipal tax and \$3M education tax. While the specific tax ratios and impacts will not be available until after the assessments for 2025 are finalized by the Municipal Property Assessment Corporation (MPAC), the intention is that municipalities overall will still benefit from the majority of the incremental tax revenues that resulted from the assessment methodology changes implemented by MPAC for 2024.

More details will be shared when they become available. We appreciate the importance of providing municipalities with as much time as possible to support their budgetary planning. We have taken note of your request to receive this information by November 30th and will endeavour to provide the data as close to this date as possible.

Regarding your request that TAPMO be included in consultations during 2025, that is an important part of our plan. We will be reaching out to TAPMO as well as the aggregate sector, and working with MPAC and the Ministry of Natural Resources, to seek more detailed information regarding aggregate activities and discuss possible updates to the definition of the property class.

The government understands the challenges small and rural municipalities face. In this regard, in the 2024 Fall Economic Statement announced the Ontario Municipal Partnership Fund will be increased by \$100 million (20% increase) annually. This will be phased in over two years with an immediate \$50 million increase in 2025.

INTRODUCING TAPMO'S EXECUTIVE DIRECTOR

Don MacLeod held the position of Chief Administrative Officer for the Township of Zorra from 1996 to 2024. The Township of Zorra is in the top 10 aggregate producing municipalities in Ontario. Recently, Don transitioned into the role of Executive Director for TAPMO. With this wealth of experience, Don is particularly well-suited to continue the success of TAPMO in developing a sustainable plan for aggregate extraction across Ontario.

Property Taxation Changes and Concerns for Municipalities

Following an appeal decision of the Divisional Court, the Municipal Property Assessment Corporation (MPAC) revised the assessment methodology and property tax classification of aggregate sites to ensure sector-wide consistency, resulting in tax changes for pits and quarries across the province for 2024 (an increase of \$12M municipal and \$5M education). These properties continue to be assessed based on the province-wide valuation date of January 1, 2016, but the methodology used to derive those values has been modified in line with the court ruling. This legal process was spearheaded by Wellington County. In a troubling response to the Divisional Court decision, the Ministry of Finance has introduced a one-time (2024) \$7 million education tax reduction, to mitigate the impact of these changes on the aggregate industry. This reduction will be absorbed by the province through a 95% reduction in education taxes, which is the first time this kind of a subsidy is being provided by the province for any industry.

Looking ahead to the 2025 tax year, a new aggregate property sub-class is set to be introduced, but the intent to create improved tax stability and predictability feels hollow. The sub-class will result in a \$6 million subsidy for the aggregate industry, \$3 million of which is being transferred back to the municipal (primarily residential) tax base. The tax subsidy will be funneled through a temporary property tax sub-class within the industrial property category, with MPAC and local municipalities tasked with its implementation. However, the claim that this newly established sub-class will provide stability and predictability raises serious concerns. Instead of genuinely addressing the inequities in the system, it seems to merely provide an unwarranted tax break to the aggregate industry, while shifting the burden onto municipal taxpayers and perpetuating an unjust structure.

The government's approach appears to prioritize the interests of the aggregate sector over the financial realities faced by municipalities and their constituents. MPAC's collaboration with the aggregate sector and the Ministry of Finance (MOF) to gather detailed information on aggregate sites may result in more of the same, rather than meaningful reform. While the government claims this refined data will support future discussions with the Ontario Stone, Sand & Gravel Association (OSSGA) and municipalities, the focus seems skewed toward accommodating industry demands rather than ensuring fairness and accountability for all taxpayers. This direction threatens to undermine any hope of establishing a principled and sustainable approach to aggregate taxation, leaving communities to bear the consequences.

Property Taxation Changes and Concerns for Municipalities

continued from page 2

In light of these changes, TAPMO wishes to voice serious concerns regarding the new tax class ratio established by the Ministry of Finance. Contrary to fostering a revenue-neutral outcome, this adjustment is expected to lead to \$3 million being refunded directly from local taxpayers to the aggregate industry starting in 2025 and beyond. Neither the Ministry nor representatives from the aggregate industry have provided sufficient justification for what seems to be a residential taxpayer-funded subsidy to benefit a for-profit industry. Concerns from both the Ministry of Finance and the aggregate sector highlight that potential cost increases for residential housing stemming from the Assessment Review Board (ARB) ruling have not been adequately assessed or documented. Claims suggesting a mere \$3-4 increase per Ontarian fail to capture the disproportionate impact this assessment framework will have on rural residents, who predominantly host these aggregate operations.

The OSSGA has yet to provide conclusive evidence of the industry's inability to contribute its fair share of taxes. In fact, TAPMO has presented evidence indicating that aggregate producers can meet their tax obligations. For example, Dufferin (CRH) paid \$2 million in royalties to the University of Guelph in 2023, while St. Mary's Cement (CBM Canada) reported total net revenues of \$109,785,000 USD for aggregate products in their 2022 financial statements.

While TAPMO recognizes that tax increases on any property class may be unpopular, we argue that the aggregate industry has long benefited from an inappropriate tax discount. The Divisional Court ruling clarified that MPAC lacked the authority to grant such tax relief. The municipal taxpayers should not have to provide tax relief to the industry as a result of correcting an inappropriate tax benefit that the industry has come to expect. The new property tax class ratio fails to maintain revenue neutrality and threatens to erode trust in Ontario's legal frameworks. Ontarians deserve confidence that these processes are respected and upheld.

TAPMO remains committed to advocating for fair and equitable taxation practices that support both municipal taxpayers and the sustainability of our communities. The future of Ontario's aggregate taxation framework must prioritize transparency, fairness, and the principles of revenue neutrality.

Property Taxation Changes and Concerns for Municipalities - What's Next?

TAPMO is urging members to raise awareness of this issue by requesting your Municipal Council consider supporting the following motion:

Whereas the Ministry of Finance has introduced a one-time \$7 million reduction in education taxes in 2024, a subsidy that will be absorbed by the province through a 95% reduction in education taxes—marking the first such subsidy provided by the province to any industry;

Whereas the Ministry of Finance's plans to introduce a new aggregate property sub-class in 2025, which is set to provide a \$6 million subsidy to the aggregate industry, with \$3 million of that subsidy being transferred back to the municipal (primarily residential) tax base, raises serious concerns about the fairness and equity of the system;

Whereas the claims that the new sub-class will provide tax stability and predictability seem hollow and do not address the systemic inequities in the taxation framework, which continues to shift an undue burden onto municipal taxpayers, particularly those in rural areas who host these aggregate operations;

Whereas there is significant concern that the government's actions prioritize the interests of the aggregate industry over the financial realities faced by municipalities and their residents, and that this shift in burden undermines public trust in the fairness and integrity of Ontario's legal and tax frameworks;

Whereas TAPMO has presented evidence demonstrating that the aggregate industry is financially capable of meeting its tax obligations, including substantial profits and royalty payments made by industry leaders, further undermining the need for these subsidies;

Whereas the municipal taxpayer should not bear the cost of correcting a past error in assessment methodology that unfairly benefited the aggregate industry, and the new property tax class ratio risks further undermining the principle of revenue neutrality and eroding confidence in Ontario's legal and tax systems;

Therefore be it resolved that the Council [INSERT MUNICIPALITY] strongly objects to the undue burden being placed on municipal taxpayers to subsidize the aggregate industry, and calls on the provincial government to:

1. Reevaluate and correct the misguided subsidies being provided to the aggregate sector, and ensure that future tax policies are fair, equitable, and consistent for all taxpayers.
2. Uphold the principles of revenue neutrality in the aggregate tax framework and ensure that any new tax classifications or methodologies do not result in a net loss of revenue for municipalities, especially those that are already facing significant financial challenges.
3. Commit to meaningful reform that ensures fairness and consistency across all sectors of the economy, and actively engages municipalities and taxpayers in a transparent and inclusive process, rather than catering to the demands of the aggregate industry.
4. Take immediate action to correct the existing inequities in the tax framework, ensuring that the burden of this correction is not unjustly shifted to municipal taxpayers, particularly those in rural communities who host these operations.
5. Respect and uphold the integrity of the legal process by honouring the decisions of the Divisional Court and ensuring that all assessment methodologies are transparent, accountable, and based on a fair and balanced approach.

Further be it resolved that the Council [INSERT MUNICIPALITY] supports TAPMO's call for the provincial government to adopt reforms that prioritize the needs and fairness of municipal taxpayers and to ensure that the aggregate sector contributes its fair share to the province's tax base; and

Further be it resolved that this resolution be forwarded to the Minister of Finance, the Minister of Municipal Affairs and Housing, local school boards, AMO, ROMA, Local MPP, all Ontario Municipalities and the Municipal Property Assessment Corporation.

Dear Minister Bethlenfalvy:

Re: Aggregate Assessment

I am writing to raise TAPMO's concerns with the new tax class ratio for aggregate operations that does not maintain a revenue neutral outcome. TAPMO has been informed that the new tax class ratio will result in \$3 million of assessment being refunded to the aggregate industry for 2025 and beyond.

To date, neither the Ministry nor the aggregate industry has provided any justification for this residential taxpayer funded subsidy. The concerns raised by the MOF and the aggregate industry indicate that the potential cost increase for residential housing resulting from the ARB ruling applied across the province has not been thoroughly assessed or documented. Impacts of \$3-4 dollars per Ontarian are not accurate. Most aggregate operations are located in rural municipalities, thus rural residents will be providing this relief on a disproportionate level.

I would draw your attention to the developments in the Town of Erin. Developers are largely paying nearly \$200 million in up-front cost to build a wastewater treatment facility. This cost will be a direct pass through to the cost of the homes serviced by the treatment plant. In comparison, a revenue neutral tax class would be adding less than a quarter dollar to the cost of per tonne of aggregate.

Generally speaking, in Ontario, the provincial framework we strive to achieve is known at the municipal level as "Growth pays for Growth". Taxing aggregate properly brings us as a society closer to achieving that result. The aggregate tax class ratio does not support the revenue neutral tax outcome, nor does it support the principle of "Growth pays for Growth".

The OSSGA has failed to bring definitive evidence of the industry's inability to pay their fair share of taxes. Quite contrary, TAPMO has provided evidence of the ability of producers to pay their fair share. We are referencing the royalties Dufferin paid the University of Guelph (\$2 million in 2023). Further to the point, St. Mary's Cement's (CBM Canada) audited 2022 Financial Statements indicate a total net revenue for aggregate products at a whopping \$109,785,000 USD.

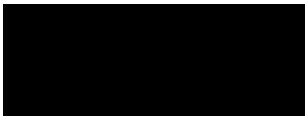

TAPMO recognizes that any increase of taxes on any property class would likely not be welcome. Unfortunately, as recorded in the Divisional Court decision, MPAC did not have the legislative authority to be providing tax relief (page 12 note 55 of the decision) that the industry experienced from 2016 onward. The aggregate industry is accustomed to an inappropriate tax discount. In TAPMO's view, residential taxpayers should not have to provide tax relief to the industry as a result of correcting an inappropriate tax benefit that the industry had come to expect. We respectfully reassert our position that OSSGA has not brought forward evidence to support their claim, other than highlighting the displeasure of paying more taxes. We have also not received evidence from the MOF supporting this relief for 2025 and beyond.

Lastly, we are deeply concerned that the lengthy and expensive legal process undertaken by Wellington County, and the decisions ordered by both the Assessment Review Board and Divisional Court is being undermined. This is particularly concerning given that the ARB decision was upheld. The new property tax class ratio fails to maintain a revenue-neutral tax assessment and undermines the legal process, which incurred significant costs for Wellington County taxpayers. This is extremely disturbing; Ontarians must have confidence in the legal processes in Ontario. Undermining the ARB assessment through a property tax class ratio that does not preserve revenue neutrality erodes that trust.

It is essential that discussions be inclusive and that any future assessment changes involve a fair and balanced approach in consultation with municipal partners, not just the aggregate sector.

TAPMO thanks the Ministry for the opportunity to comment on this very important issue and we look forward to strengthening this relationship.

Yours truly,

RE: Redistribution of Land Transfer Tax and Property Sale GST

Please be advised that Township of Puslinch Council, at its meeting held on November 27, 2024 considered the aforementioned topic and subsequent to discussion, the following was resolved:

Resolution No. 2024-429:

Moved by Councillor Sepulis and
Seconded by Councillor Hurst

That the Consent Agenda items listed with the exception of items 6.2 and 6.3 for NOVEMBER 27, 2024 Council meeting be received for information; and

Whereas the Township of Puslinch supports the Resolution from the Township of Larder Lake and Township of McGarry;

Whereas municipalities face growing infrastructure needs, including roads, bridges, public transit, water systems, and other critical services, which are essential to community well-being and economic development; and

Whereas the current sources of municipal revenue, including property taxes and user fees, are insufficient to meet these increasing demands for infrastructure investment; and

Whereas the Province of Ontario currently collects the Land Transfer Tax (LTT) on property transactions in municipalities across the province, generating significant revenue that is not directly shared with municipalities; and

Whereas the Federal Government collects the Goods and Services Tax (GST) on property transactions, a portion of which could be directed to municipalities to address local infrastructure needs; and

Whereas redistributing a portion of the Provincial Land Transfer Tax and GST to municipalities would provide a predictable and sustainable source of funding for local infrastructure projects without creating a new tax burden on residents or homebuyers; and

Whereas a redistribution of a portion of the existing Land Transfer Tax and GST would allow municipalities to better plan and invest in long-term infrastructure initiatives, supporting local economic growth and improving the quality of life for residents;

Be it resolved that the Township of Puslinch requests as follows:

That the Provincial Government consider redistributing a portion of the Land Transfer Tax collected on property transactions to municipalities; and

That the Federal Government be requested to allocate a percentage of the GST collected on property sales to municipalities; and

That this redistribution of the Land Transfer Tax and GST be structured to provide predictable and sustainable funding to municipalities, allowing for better long-term planning and investment in infrastructure projects that benefit local communities, thereby ensuring that local governments receive a fair share of the revenue to address critical infrastructure needs; and

Be It further resolved that a copy of this resolution be forwarded to Prime Minister Justin Trudeau, Premier Doug Ford, the Ontario Minister of Finance, the Minister of Municipal Affairs and Housing, local Members of Parliament (MPs) and Members of Provincial Parliament (MPPs); and

That copies of this resolution be forwarded to all 444 Municipalities in Ontario, the Federation of Canadian Municipalities (FCM), and the Association of Municipalities of Ontario (AMO) for their endorsement and advocacy.

RE: Motion – Exotic Animals

At its meeting of April 2, 2024, the Council for The Corporation of the Town of Kirkland Lake resolved the following:

*“Moved by: Mayor Stacy Wight
Seconded by: Councillor Rick Owen*

WHEREAS Ontario has more private non-native (“exotic”) wild animal keepers, roadside zoos, mobile zoos, wildlife exhibits and other captive wildlife operations than any other province;

AND WHEREAS the Province of Ontario has of yet not developed regulations to prohibit or restrict animal possession, breeding, or use of exotic wild animals in captivity;

AND WHEREAS exotic wild animals can pose very serious human health and safety risks, and attacks causing human injury and death have occurred in the Province;

AND WHEREAS the keeping of exotic wild animals can cause poor animal welfare and suffering, and poses risks to local environments and wildlife;

AND WHEREAS owners of exotic wild animals can move from one community to another even after their operations have been shut down due to animal welfare or public health and safety concerns;

AND WHEREAS municipalities have struggled, often for months or years, to deal with exotic wild animal issues and have experienced substantive regulatory, administrative, enforcement and financial challenges;

AND WHEREAS the Association of Municipalities of Ontario (AMO), the Association of Municipal Managers, Clerks and Treasurers of Ontario (AMCTO), and the Municipal Law Enforcement Officers' Association (MLEOA) have indicated their support for World Animal Protection's campaign for provincial regulations of exotic wild animals and roadside zoos in letters to the Ontario Solicitor General and Ontario Minister for Natural Resources and Forestry;

THEREFORE BE IT RESOLVED THAT *The Corporation of the Town of Kirkland Lake hereby petitions the provincial government to implement provincial regulations to restrict the possession, breeding, and use of exotic wild animals and license zoos in order to guarantee the fair and consistent application of policy throughout Ontario for the safety of Ontario's citizens and the exotic wild animal population;*

AND FINALLY THAT *a copy of this resolution be forwarded to the Premier of Ontario, Ontario's Solicitor General, Ontario's Minister for Natural Resources and Forestry, MPP Timiskaming-Cochrane, AMO, AMCTO, MLEAO, Timiskaming Municipal Association (TMA), the Federation of Northern Ontario Municipalities (FONOM), and all municipalities within the District of Timiskaming.*

Respecting Local Democracy and Cities

City Council Decision

City Council on November 13 and 14, 2024, adopted the following:

1. City Council express its opposition to the proposed amendments to Part XII of the Highway Traffic Act contained in Bill 212, and any related proposed regulations, both of which contradict the stated purpose of the City of Toronto Act, 2006, to allow the City to determine what is in the public interest of the city.

2. City Council request the Province to work collaboratively with cities to address congestion and road safety, and accordingly withdraw the proposed amendments to Part XII of the Highway Traffic Act contained in Bill 212.

3. City Council direct the City Solicitor to review Bill 212 and any accompanying regulations, once in force, and to report to City Council with a summary of the legislation and regulations and the potential for commencing litigation to challenge Bill 212 or the regulations.

4. City Council request the General Manager, Transportation Services, or designates, to appear before the Ontario Legislature’s Standing Committee on Heritage, Infrastructure, and Cultural Policy as part of public hearings regarding Bill 212 to give testimony in accordance with the position outlined in this item.

5. City Council request the City Manager to submit written comments to Ontario’s Regulatory Registry and Environment Registry of Ontario that reflect the City’s positions outlined in this item, including the City's opposition to any requirement of the City to provide support in the removal of City Infrastructure approved by its democratically elected City Council.

6. City Council adopt the position that no costs associated with the amendments to Part XII of the Highway Traffic Act should be incurred or paid by the City of Toronto, including staff time, planning, design, construction, and traffic management as a result of the congestion created by the removal.

7. City Council forward this item to the Premier of Ontario, the Minister of Transportation, the Minister of Municipal Affairs and Housing, the Leader of the Official Opposition, all Ontario Members of Provincial Parliament, the Association of Municipalities of Ontario, the Ontario Big City Mayors, and all Ontario municipalities and include City Council's commitment to the right of municipalities to govern their own affairs and represent the interests of their residents and electors.

8. City Council request the Ministry of Transportation to permit the publication of the results of the Transportation Tomorrow Survey 2022 as soon as possible to facilitate the use of the study in informing collaborative consultations with cities regarding options for addressing congestion and road safety.

9. City Council direct the City Manager to report back on the feasibility of placing signs on City roads where there are traffic delays resulting from the Provincial mandate to remove bike lanes from Toronto roads and that these signs would read "This road congestion and traffic delay is the result of Premier Ford's Bill 212".

10. City Council direct that Confidential Attachment 1 to the supplementary report (November 13, 2024) from the City Manager remain confidential in its entirety, as it contains information explicitly supplied in confidence to the City of Toronto as a partner municipality in the Transportation Tomorrow Survey 2022, conducted by a consultant retained by the Ministry of Transportation of Ontario as part of a cooperative effort by local and provincial government agencies to collect information about urban travel in southern Ontario, until such time as the Transportation Tomorrow Survey 2022 is authorized to be published by the Ministry of Transportation of Ontario.

Confidential Attachment 1 to the supplementary report (November 13, 2024) from the City Manager remains confidential in its entirety in accordance with the provisions of the City of Toronto Act, 2006, as it contains information explicitly supplied in confidence to the City of Toronto as a partner municipality in the Transportation Tomorrow Survey 2022, conducted by a consultant retained by the Ministry of Transportation of Ontario as part of a cooperative effort by local and provincial government agencies to collect information about urban travel in southern Ontario, until such time as the Transportation Tomorrow Survey 2022 is authorized to be published by the Ministry of Transportation of Ontario.

Summary

The recent provincial Bill 212 seeks to overturn the decisions and work of our locally elected Toronto City Council. If passed, the Bill means one government would, at tremendous cost to the taxpayer and without collaboration, undo another government's work.

As Mayor, it is my responsibility to stand up for the decision-making authority of City Council and the expertise of our professional public service which supports that decision-making. As such, I am working with City Staff to review the City's options and will provide recommendations on this item prior to the City Council meeting on November 13, 2024.

Dear Prime Minister and Premier,

RE: TOWNSHIP OF KING RESOLUTION – REQUESTING THE REDISTRIBUTION OF PROVINCIAL LAND TRANSFER TAX AND GST TO MUNICIPALITIES FOR SUSTAINABLE INFRASTRUCTURE FUNDING

At its Council meeting of November 12, 2024, Council of the Township of King received and supported the following Resolution:

Whereas municipalities face growing infrastructure needs, including roads, bridges, public transit, water systems, and other critical services, which are essential to community well-being and economic development; and

Whereas the current sources of municipal revenue, including property taxes and user fees, are insufficient to meet these increasing demands for infrastructure investment; and

Whereas the Province of Ontario currently collects the Land Transfer Tax (LTT) on property transactions in municipalities across the province, generating significant revenue that is not directly shared with municipalities; and

Whereas the Federal Government collects the Goods and Services Tax (GST) on property transactions, a portion of which could be directed to municipalities to address local infrastructure needs; and

Whereas redistributing a portion of the Provincial Land Transfer Tax and GST to municipalities would provide a predictable and sustainable source of funding for local infrastructure projects without creating a new tax burden on residents or homebuyers; and

Whereas a redistribution of a portion of the existing Land Transfer Tax and GST would allow municipalities to better plan and invest in long-term infrastructure initiatives, supporting local economic growth and improving the quality of life for residents;

Now Therefore Be It Resolved That;

1. The Township of King Council formally requests the Provincial Government to consider redistributing a portion of the Land Transfer Tax collected on property transactions to municipalities; and

2. The Township of King Council calls on the Federal Government to allocate a percentage of the GST collected on property sales to municipalities; and
3. That this redistribution of the Land Transfer Tax and GST should be structured to provide predictable and sustainable funding to municipalities, allowing for better long-term planning and investment in infrastructure projects that benefit local communities, thus ensuring that local governments receive a fair share of the revenue to address critical infrastructure needs; and
4. That copies of this resolution be forwarded to Prime Minister Justin Trudeau, Premier Doug Ford, the Ontario Minister of Finance, the Minister of Municipal Affairs and Housing, local Members of Parliament (MPs) and Members of Provincial Parliament (MPPs); and
5. That copies of this resolution be forwarded to all 444 Municipalities in Ontario, the Federation of Canadian Municipalities (FCM), and the Association of Municipalities of Ontario (AMO) for their endorsement and advocacy.

Carried Unanimously.

Yours sincerely,

Denny Timm

**RE: OPP Cost Increases for Small and Rural Municipalities
 New Business
 10. Belleville City Council Meeting, December 9, 2024**

This is to advise you that at the Council Meeting of December 9, 2024, the following resolution was approved.

“Whereas on November 29, 2024 the Province of Ontario identified significant protective services cost pressures related to municipal policing, and identified significant Provincial funding to be provided to offset OPP Cost Increases for Small and Rural Municipalities, and; further

THAT the Province recognize that it is also the case that those municipalities with local municipal police services continue to see significant cost increases and budgetary pressures in Municipal policing, which are directly impacted by OPP policing labour costs, and

FURTHER that it be requested that the Province treat all Ontario municipalities equitably with support in funding to assist managing these increasing costs of policing, and

./2

THAT a copy of this resolution be forwarded to the Honourable Doug Ford, Premier of Ontario; the Solicitor General; the MPP's for the riding; Prince Edward—Hastings and Hastings—Lennox and Addington, the Association of Municipalities of Ontario and all Ontario Municipalities.”

Thank you for your attention to this matter.

Whereas the current sources of municipal revenue, including property taxes and user fees, are insufficient to meet these increasing demands for infrastructure investment; and

Whereas the Province of Ontario currently collects the Land Transfer Tax (LTT) on property transactions in municipalities across the province, generating significant revenue that is not directly shared with municipalities; and

Whereas the Federal Government collects the Goods and Services Tax (GST) on property transactions, a portion of which could be directed to municipalities to address local infrastructure needs; and

Whereas redistributing a portion of the Provincial Land Transfer Tax and GST to municipalities would provide a predictable and sustainable source of funding for local infrastructure projects without creating a new tax burden on residents or homebuyers; and

Whereas a redistribution of a portion of the existing Land Transfer Tax and GST would allow municipalities to better plan and invest in long-term infrastructure initiatives, supporting local economic growth and improving the quality of life for residents;

Now Therefore Be It Resolved That;

1. The Township of King Council formally requests the Provincial Government to consider redistributing a portion of the Land Transfer Tax collected on property transactions to municipalities; and

2. The Township of King Council calls on the Federal Government to allocate a percentage of the GST collected on property sales to municipalities; and
3. That this redistribution of the Land Transfer Tax and GST should be structured to provide predictable and sustainable funding to municipalities, allowing for better long-term planning and investment in infrastructure projects that benefit local communities, thus ensuring that local governments receive a fair share of the revenue to address critical infrastructure needs; and
4. That copies of this resolution be forwarded to Prime Minister Justin Trudeau, Premier Doug Ford, the Ontario Minister of Finance, the Minister of Municipal Affairs and Housing, local Members of Parliament (MPs) and Members of Provincial Parliament (MPPs); and
5. That copies of this resolution be forwarded to all 444 Municipalities in Ontario, the Federation of Canadian Municipalities (FCM), and the Association of Municipalities of Ontario (AMO) for their endorsement and advocacy.

Carried Unanimously.

Yours sincerely,

**RE: Community Safety and Policing Act Impact on Property Taxpayers in
Niagara**

Dear Premier Ford and Solicitor General Kerzner,

As directed by Niagara Regional Council at its December 12 meeting, I am writing to you today to highlight the financial impact that the recently implemented *Community Safety and Policing Act* has had on property taxpayers in Niagara.

Currently the Niagara Regional Police Service budget comprises nearly 40 per cent of Regional property taxes paid by Niagara residents. As part of its 2025 budget deliberations, Regional Council learned that the changes mandated by the *Community Safety and Policing Act* has directly resulted in \$10 million in increased costs for the police service, which must be borne by property taxpayers in Niagara.

I would like to make it clear that Regional Council strongly supports the positive changes made in the *Community Safety and Policing Act*, and places great value in the important work done in our community every day by frontline police officers. However, the costs associated with these changes, and the subsequent property tax increases the Region must make to cover them, are making it even more difficult for Niagara's residents to pay their bills and are contributing to the unaffordability crisis affecting all our municipalities.

As you are aware, municipalities have limited opportunities to generate the revenue for these significant changes, and as such, are faced with the choice to either make significant sacrifices to core municipal services or make significant increases to local property tax bills.

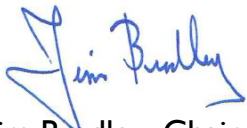

Re: Community Safety and Policing Act Impact on Property Taxpayers in Niagara

Council would like to commend the Province of Ontario for recognizing the hardships these challenges are placing on municipalities, and for wisely proposing an additional \$77 million to top up the police budgets in those municipalities serviced by the Ontario Provincial Police. However, it is important to recognize that municipalities who operate independent police services face these very same costs.

In a letter to Solicitor General Kerzner dated December 7, the Ontario Association of Chiefs of Police (OACP) noted several concerns, including the unintended impact on municipal budgets, the difficulty navigating these service changes, local bargaining and wage increases, and a public perception of rising policing costs among the public, among others. Regional Council respectfully asks that the Province consider providing equal funding to Niagara Region and other municipalities to ensure police services across Ontario are able to fulfill the mandate of the *Community Safety and Policing Act* without placing additional financial burdens on property taxpayers. Our council also joins with the OACP in calling for more clarity from the government on equitable funding models available to all police services across the province and other long-term, sustainable solutions to address the financial challenges municipalities across our province are facing due to policing costs.

I sincerely appreciate your consideration of this matter and look forward to your response.

Sincerely,

Jim Bradley, Chair

Good day Elected Official,

For many years, we have advocated for our fair share of funding from both Provincial and Federal governments. Through FCM and AMO, we've pushed for reforms and for sustainable, predictable funding for municipal infrastructure. With both Provincial and Federal elections approaching, I believe it's time for us to unite and propose a solution for municipalities' fair share.

As we're asked to meet growth targets, our municipalities urgently need predictable, long-term funding to support critical infrastructure, including roads, bridges, and public transit. We need all levels of government to collaborate on a solution that doesn't rely solely on property taxes to fund essential infrastructure in our communities. That's why we're calling on the Province to allocate a portion of the Land Transfer Tax, and on the Federal Government to allocate a portion of the GST from new home sales—no new taxes, just a fair distribution of our own funds for our communities!

Bellow is a Motion I respectfully ask you to bring forward at your council.

This motion ensures that we have the resources to build and maintain the infrastructure that keeps our municipalities running smoothly, without increasing property taxes.

Please consider adding this Motion to your Council agendas. It is essential that our collective voices are heard. Local governments deserve predictable, long-term funding to support critical infrastructure. Together, we can build a brighter future for all Ontarians.

Motion: Request the Redistribution of the Provincial Land Transfer Tax and GST

to Municipalities for Sustainable Infrastructure Funding

Whereas municipalities face growing infrastructure needs, including roads, bridges,

public transit, water systems, and other critical services, which are essential to

community well-being and economic development; and

Whereas the current sources of municipal revenue, including property taxes and user

fees, are insufficient to meet these increasing demands for infrastructure investment;

and

Whereas the Province of Ontario currently collects the Land Transfer Tax (LTT) on

property transactions in municipalities across the province, generating significant revenue that is not directly shared with municipalities; and

Whereas the Federal Government collects the Goods and Services Tax (GST) on property transactions, a portion of which could be directed to municipalities to address local infrastructure needs; and

Whereas redistributing a portion of the Provincial Land Transfer Tax and GST to municipalities would provide a predictable and sustainable source of funding for local infrastructure projects without creating a new tax burden on residents or homebuyers; and

Whereas a redistribution of a portion of the existing Land Transfer Tax and GST would allow municipalities to better plan and invest in long-term infrastructure initiatives, supporting local economic growth and improving the quality of life for residents;

1. Now Therefore Be It Hereby Resolved That _____Municipality_____ Council formally requests the Provincial Government to consider redistributing a portion of the Land Transfer Tax collected on property transactions to municipalities; and

2. Be It Further Resolved That _____Municipality_____ Council calls on the Federal Government to allocate a percentage of the GST collected on property sales to municipalities; and

3. Be It Further Resolved That this redistribution of the Land Transfer Tax and GST

should be structured to provide predictable and sustainable funding to municipalities, allowing for better long-term planning and investment in infrastructure projects that benefit local communities, thus ensuring that local governments receive a fair share of the revenue to address critical infrastructure needs; and

4. Be It Further Resolved That copies of this resolution be forwarded to Prime Minister Justin Trudeau, Premier Doug Ford, the Ontario Minister of Finance, the Minister of Municipal Affairs and Housing, local Members of Parliament (MPs) and Members of Provincial Parliament (MPPs); and

5. Be It Further Resolved That copies of this resolution be forwarded to all 444 Municipalities in Ontario, the Federation of Canadian Municipalities (FCM), and the Association of Municipalities of Ontario (AMO) for their endorsement and advocacy.

RE: Guelph City Council Resolution to Enable Municipalities to Charge Fees for use of Municipal Property by Gas Utilities

Dear Premier Ford, Minister Calandra and Minister Lecce,

Guelph City Council at its meeting held on November 26, 2024 passed a resolution regarding the ability of municipalities to charge gas utilities for their use of municipal property, which included the following motions:

1. That Council request the Province of Ontario to amend section 9 of Regulation 584/06 under the Municipal Act, 2001, to permit municipalities to charge fair fees to for-profit gas utilities for their use of public property, as municipalities do in most other provinces.
2. That Council direct staff, to the satisfaction of the DCAO of IDE, to negotiate a Franchise Agreement with the gas distribution company that:
 - a. will allow the City of Guelph to charge fees for use of public property if and when Ontario Regulation 584/06 is amended to allow such charges,
 - b. will ensure that the City of Guelph is not liable to pay for any gas infrastructure relocations needed due to conflicts with municipal infrastructure, and
 - c. will ensure future charges for use of municipal property is not passed on to Guelph customers of the gas distribution company.
3. That the City of Guelph supports, in principle, the Bill 219, "No Free Ride for Fossil Fuels Act, 2024" tabled November 4, 2024 by Guelph MPP Mike Schreiner.

Across most of Canada, municipalities charge for-profit gas utilities fees for the use of municipal property. This revenue supports municipalities in managing abandoned gas distribution infrastructure and any conflicts with municipal infrastructure without increasing the financial burden on property taxpayers. However, in Ontario, Section 9 of *O.Reg. 584/06* under the *Municipal Act, 2001* prohibits municipalities from charging for-profit gas utilities these fees. If the charging of these fees is permitted, revenues would provide much needed funding towards essential City services and programs, and support the City in funding any future work associated with gas distribution infrastructure.

As Guelph seeks to renew its Franchise Agreement, which sets out the conditions for the use of municipal property by the gas distribution company, there is an opportunity to review the compensation framework for municipalities across Ontario. Many sectors and individuals are increasingly transitioning away from natural gas in favour of cleaner and carbon-free technologies, and Guelph Council believes municipalities should not be locked in to long-term agreements which limit the ability of municipalities to receive fair compensation from for-profit gas distribution companies.

As such, Guelph City Council requests the Province of Ontario amend section 9 of *O.Reg. 584/06* under the *Municipal Act, 2001*, to permit municipalities to charge fees to for-profit gas utilities for their use of public property. Additionally, Guelph City Council would like to express its support, in principle, for Bill 219 – the *No Free Ride for Fossil Fuels Act, 2024*, which would enshrine the right of municipalities to charge fees under the *Municipal Act, 2001*, and the *City of Toronto Act, 2006*.

Declaring Toronto a Paid-Plasma-Free Zone - by Councillor Chris Moise, seconded by Councillor Alejandra Bravo

City Council Decision

City Council on November 13 and 14, 2024, adopted the following:

1. City Council express its opposition to the operation of private for-profit blood collection companies in the City.

2. City Council forward this item to Canadian Blood Services, federal, provincial and territorial Ministers of Health, Grifols Pharmaceuticals, and all Ontario Municipalities and request that they support only voluntary blood and plasma collection, where donors do not receive payment for their blood or plasma.

Summary

In the City of Toronto, we uphold the principle of voluntary blood and plasma donation, acknowledging its vital importance as a public good. Our commitment derives from the lessons of Canada’s tainted blood crisis, which tragically claimed approximately 8,000 lives. The subsequent Royal Krever Commission urged a fully voluntary, non-payment oriented blood and plasma donation system.

Within our Ontario healthcare system, we perceive blood donations as a priceless public resource, underscoring the need to safeguard the integrity of the public, voluntary donor system.

The Voluntary Blood Donations Act of Ontario strengthens this stance, legislating against the payment of donors and prohibiting donors from receiving financial compensation for their blood or plasma.

Canada Blood Services plans to open five paid plasma clinics, including one in Toronto, by 2025. This issue needs immediate attention and action. The public health community has raised concerns about Grifols Pharmaceuticals' plans to open a Toronto clinic. It's vital we protect vulnerable residents from exploitation by for-profit plasma collection companies offering cash for blood-plasma, a predatory practice.

In bringing this motion forward, we strive to reinforce the principles of voluntary, non-remunerated blood and plasma donation, protecting both the integrity of Canada’s public blood system and the dignity of blood donors.

**Re: Council Resolution Regarding Requesting the Redistribution of
Provincial Land Transfer Tax and GST to Municipalities for Sustainable
Infrastructure Funding**

At its regular meeting of Council held on December 4, 2024, the Township of Amaranth Council passed the following motion:

Resolution #: 5

Moved by: B. Metzger

Seconded by: A. Stirk

BE IT RESOLVED THAT:

Whereas municipalities face growing infrastructure needs, including roads, bridges, public transit, water systems, and other critical services, which are essential to community well-being and economic development; and

Whereas the current sources of municipal revenue, including property taxes and user fees, are insufficient to meet these increasing demands for infrastructure investment; and

Whereas the Province of Ontario currently collects the Land Transfer Tax (LTT) on property transactions in municipalities across the province, generating significant revenue that is not directly shared with municipalities; and

Whereas the Federal Government collects the Goods and Services Tax (GST) on property transactions, a portion of which could be directed to municipalities to address local infrastructure needs; and

Whereas redistributing a portion of the Provincial Land Transfer Tax and GST to municipalities would provide a predictable and sustainable source of funding for local infrastructure projects without creating a new tax burden on residents or homebuyers; and

Whereas a redistribution of a portion of the existing Land Transfer Tax and GST would allow municipalities to better plan and invest in long-term infrastructure initiatives, supporting local economic growth and improving the quality of life for residents;

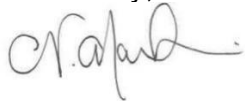

Now Therefore Be It Hereby Resolved That Township of Amaranth Council formally requests

1. The Provincial Government to consider redistributing a portion of the Land Transfer Tax collected on property transactions to municipalities; and Request the Redistribution of the Provincial Land Transfer Tax and GST to Municipalities for Sustainable Infrastructure Funding
2. Be It Further Resolved That the Township of Amaranth Council calls on the Federal Government to allocate a percentage of the GST collected on property sales to municipalities; and
3. Be It Further Resolved That this redistribution of the Land Transfer Tax and GST should be structured to provide predictable and sustainable funding to municipalities, allowing for better long-term planning and investment in infrastructure projects that benefit local communities, thus ensuring that local governments receive a fair share of the revenue to address critical infrastructure needs; and
4. Be It Further Resolved That copies of this resolution be forwarded to Prime Minister Justin Trudeau, Premier Doug Ford, the Ontario Minister of Finance, the Minister of Municipal Affairs and Housing, local Members of Parliament (MPs) and Members of Provincial Parliament (MPPs); and
5. Be It Further Resolved That copies of this resolution be forwarded to all 444 Municipalities in Ontario, the Federation of Canadian Municipalities (FCM), and the Association of Municipalities of Ontario (AMO) for their endorsement and advocacy.

RE: MOTION OF SUPPORT OF SOLVETHECRISIS.CA CAMPAIGN

This will confirm that at a meeting held on December 18, 2024, the Council of the City of Markham adopted the following resolution:

Whereas the City of Markham supports the SolvethCrisis.ca Campaign and requests that the Provincial and Federal Governments take Action to Address the Growing Mental Health, Addictions and Homelessness Crisis in Ontario; and,

Whereas there is a humanitarian crisis unfolding on the streets in our cities, large and small, urban and rural, across Ontario. The time for words is over, we need immediate action at all levels of government, starting with the Province of Ontario; and,

Whereas the homelessness, mental health and addictions crisis continues to grow with 3432 drug related deaths in Ontario in 2023¹ and over 1400 homeless encampments across Ontario communities in 2023²; and,

Whereas the province has provided additional funding and supports, such as the recent investment of \$378 million for HART Hubs and approximately 375 beds with wraparound supports, it does not adequately address the growing crisis and the financial and social impact on municipalities and regions across the province; and,

Whereas municipalities and regions are stepping up and working with community partners to put in place community-specific solutions to address this crisis, but municipalities and regions lack the expertise, capacity, or resources to address these increasingly complex health care and housing issues alone; and,

Whereas this is primarily a health issue that falls under provincial jurisdiction and municipalities and regions should not be using the property tax base to fund these programs; and,

Whereas there is no provincial lead focused on this crisis leading to unanswered questions that span over a dozen ministries, and a lack of support to manage the increasing needs of those who are unhoused.

Therefore, be it resolved that the City of Markham supports the SolvethCrisis.ca Campaign; and,

That the City of Markham calls on provincial and federal governments to commit to immediate action to solve the Humanitarian Crisis that Ontario is facing as the numbers of unhoused individuals and those suffering with mental health & addictions grows exponentially; and,

That the Province officially makes Homelessness a Health Priority; and,

That the Province appoint a responsible Minister and Ministry with the appropriate funding and powers as a single point of contact to address the full spectrum of housing needs as well as mental health, addictions and wrap around supports; and,

That the provincial government strike a task force with broad sector representatives including municipalities, regions, healthcare, first responders, community services, the business community and the tourism industry to develop a *Made in Ontario Action Plan*. 1

That this provincial task force reviews current programs developed by municipalities, regions and community partners that have proven successful in our communities, to ensure that solutions can be implemented quickly and effectively to tackle this crisis; and,

That the federal government is included in these conversations; and,

That both levels of government provide adequate, sufficient and sustainable funding to ensure that municipalities have the tools and resources to support individuals suffering with mental health and addictions, including unhoused people and those from vulnerable populations that may be disproportionately impacted; and,

That Markham City Council calls on the residents of Markham to join us in appealing to the provincial and federal governments for support by visiting SolveTheCrisis.ca and showing your support; and further,

That a copy of this motion be sent to:

- The Right Honourable Justin Trudeau, Prime Minister of Canada
- The Honourable Sean Fraser, Minister of Housing, Infrastructure and Communities of Canada

Council Meeting

Motion # 12/11/24 - 02

Title: Property Taxation Implications Related to Non-Market Valuation of Electricity Industry Properties, CAO General-2024-33

Date: Wednesday, December 11, 2024

Moved by: Rory Cavanagh

Seconded by: Beth Blackwell

Whereas the Municipality of Kincardine is a proud host community of the Bruce Nuclear Generating Site where Bruce Power generates 30% of Ontario's electricity needs; and

Whereas two decades ago the Province of Ontario adopted a property tax assessment model that continues to apply to Ontario's nuclear generation facilities; and

Whereas the Province assessment model includes non-market property valuation for electricity generating properties; and

Whereas the Municipality of Kincardine undertook a study in 2024 which has shown that the Provincial assessment model is compromising fairness and shifting the tax burden away from the electricity industry properties and onto the broader property tax base within the host community; and

Whereas the study demonstrated that this is primarily attributable to the assessed value of the subject properties being held almost static over several reassessment cycles, resulting from the Provincially prescribed rules for electricity generating, transmission and distribution properties; and

Whereas the Provincial model results in a disparity between the continuously updated market values assigned to the majority of properties and the static, non-market-based formula applied to electricity industry properties means that the tax burden shifts onto non-industry taxpayers; and

Now Therefore be it Resolved That municipal staff be directed to send communication to the Premier of Ontario, Minister of Energy and Electrification, the Minister of Finance, and the local MPP, to request that the Province undertake an immediate review and update the property tax assessment model for Ontario's nuclear generation facilities and other properties within the electricity industry, and copy the Association of Municipalities of Ontario and all Ontario Municipalities.

Carried.

Re: Resolution Regarding Establishment of an Ontario Rural Road Safety Program

We acknowledge receipt of your correspondence dated October 9, 2024, regarding the above-mentioned matter.

The said correspondence was provided to Stratford City Council for their consideration as part of the November 12, 2024, Council meeting Consent Agenda (CA-2024-189). At the meeting, Council adopted the following resolution:

WHEREAS official statistics from the Government of Ontario confirm that rural roads are inherently more dangerous than other roads;

AND WHEREAS, despite only having 17% of the population, 55% of the road fatalities occur on rural roads;

AND WHEREAS, rural, northern, and remote municipalities are fiscally strained by maintaining extensive road networks on a smaller tax base;

AND WHEREAS, preventing crashes reduces the burden on Ontario's already strained rural strained health care system;

AND WHEREAS, roadway collisions and associated lawsuits are significant factors in runaway municipal insurance premiums. Preventing crashes can have a significant impact in improving municipal risk profiles;

THEREFORE, BE IT RESOLVED THAT the Council of The Corporation of the City of Stratford requests that the Government of Ontario take action to implement the rural road safety program that Good Roads has committed to lead. It will allow Ontario's rural municipalities to make the critical investments needed to reduce the high number of people being killed and seriously injured on Ontario's rural roads; and

FURTHER THAT a copy of this resolution be forwarded to Premier Doug Ford, Hon. Prabmeet Sarkaria, Minister of Transportation, Hon. King Surma, Minister of Infrastructure, Hon. To: City of Stratford Head of Council and Council Members

From: Good Roads

Subject: Establishment of an Ontario Rural Road Safety Program

Too many Ontarians are being seriously injured or killed on our roads.

In 2023, there were 616 people killed and 36,090 people injured. The number of fatalities is up nearly 20% in the last ten years.

In 2021, the most recent year of complete data from MTO's *Ontario Road Safety Annual Report* (ORSAR), there were 561 fatalities – 426 of which occurred on municipal roads. While rural Ontario only represents 17% of the province's population, 55% of these deaths occurred on rural roads. By any measure, Ontario's rural roads are disproportionately more dangerous.

At the same time, municipal insurance premiums continue to increase. With no plausible reform being considered for joint and several liability, municipalities need to find innovative means for managing risk, particularly on their roadways,

To deal with this crisis, Good Roads has designed a multifaceted rural road safety program and have been in discussions with the Ministry of Transportation to fund it. The program would target a municipality's most dangerous roads, perform road safety audits, and install modern safety infrastructure that prevents serious injuries and save lives. This program is designed to be cost effective while also providing rural municipalities with a direct means for addressing risk associated with their roadways.

Good Roads has proposed leading a five-year \$183 million program that leverages our 131 years of municipal road expertise and our industry partnerships to quickly put in place the solutions that will address some of Ontario's most dangerous roads.

Good Roads is seeking support to address these preventable tragedies.

If the City of Stratford would be interested in pursuing this, a Council resolution similar to the example below should be adopted and sent to the Premier and the Minister of Transportation:

WHEREAS official statistics from the Government of Ontario confirm that rural roads are inherently more dangerous than other roads;

AND WHEREAS, despite only having 17% of the population, 55% of the road fatalities occur on rural roads;

AND WHEREAS, rural, northern, and remote municipalities are fiscally strained by maintaining extensive road networks on a smaller tax base;

AND WHEREAS, preventing crashes reduces the burden on Ontario's already strained rural strained health care system;

AND WHEREAS, roadway collisions and associated lawsuits are significant factors in runaway municipal insurance premiums. Preventing crashes can have a significant impact in improving municipal risk profiles;

THEREFORE, BE IT RESOLVED THAT the City of Stratford requests that the Government of Ontario take action to implement the rural road safety program that Good Roads has committed to lead. It will allow Ontario's rural municipalities to make the critical investments needed to reduce the high number of people being killed and seriously injured on Ontario's rural roads; and

Sylvia Jones, Minister of Health, and Good Roads; and

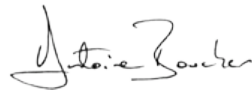

FURTHER THAT this resolution be circulated to all municipalities in Ontario requesting their support.

Dear Minister Khanjin:

Ontario Deposit Return Program

I hope this letter finds you well. I am writing to formally address the recent discussions surrounding the Ontario Deposit Return Program, particularly regarding our community residents asking us about the recycling of nonalcoholic beverage plastics.

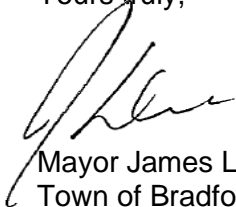

Whereas the Ontario Deposit Return Program has successfully incentivized the recycling of alcoholic beverage containers, resulting in the removal of over 204,000 tonnes of greenhouse gas emissions, we recognize the potential for similar success with nonalcoholic beverages.

The Ministry of the Environment, Conservation and Parks highlighted in their June 2023 letter that they are considering the adoption of a deposit-and-return system for nonalcoholic beverages. This initiative presents a unique opportunity to further promote recycling, reduce litter, and encourage sustainable practices among consumers.

Therefore, I am proud to announce that our Council endorses the expansion of the Ontario Deposit Return Program to include nonalcoholic beverage containers. We believe that this expansion will not only enhance environmental stewardship but also foster a culture of sustainability within our community.

We encourage all stakeholders to support this initiative and work collaboratively towards its implementation. Together, we can make a significant impact on our environment and set a positive example for future generations.

Yours truly,
